THE NEWS OF HAWAII

Carl S. Smith is Now a Circuit Judge.

HE SUCCEEDS G. K. WILDER

Plans for a "School City" Experiment--An Electric Light Plant. General Happenings.

The following is taken from the Ha-wall Herald and Hilo Tribune:

The news received by the last Kinau, announcing the appointment by President Dole of Carl S. Smith to the Judgeship of the Third and Fourth Districts, vice G. K. Wilder, resigned, was received with general favor by the people of Hilo. Judge Smith is a graduate of Stanford, class of '93, and a post graduate of the same institution in '94. He was the originator and first editor of the Daily Palo Alto, the Stanford College paper. He is a graduate of the Northwestern University Law School of Chicago in '85. He came to Honolulu in 187 and was associated first with A. S. Humphreys and afterward with Kinney & Ballou. In June, 188, he came to Hilo and became a partner of the late D. H. Hitchcock, under the firm name of Hitchcock & Smith. Since the former's death he has conducted the business under the firm name. announcing the appointment by Presi-

name.

Judge Smith is a lawyer of very high natural ability and thorough legal training, and during his residence here has held a position at the bar which justifies his appointment.—Tribune.

Tae "School City."

At the teachers' meeting to be held on Friday, May 25, some observations will be made upon the "School City" experiment now being tried in many cities in the United States. Nowhere more than in Hilo is such instruction needed, and the sooner the experiment is begun here the better for the future management of local affairs, and the boys who have drilled into them a knowledge that will be of great service when they are called upon, as men, to take part in the conduct of municipal government. The idea of the people of the Islands should be to keep local politics in the hands of men who will make good government, rather than boodle, the first consideration in public affairs. If the education is imparted to youths it will be remembered by them as statesmen. The work should have the encouragement of everyone. Such a course of study is an innovation here and credit is due to the person who inaugurates it.

The New Light Plant.

The New Light Plant.

The directors of the new electric light plant company, which was organized some time ago, met on Wednesday and completed the final arrangements preparatory to commencing the work of construction. Orders will be placed at once with firms on the Mainland for the machinery, and bids will be called for on construction. The company is incorporated for \$200,000. The plant will be put in equipmed for lighting refrigerating. porated for \$300,000. The plant will be put in equipped for lighting, refrigerating and power purposes. The refrigerating department will have a capacity of twenty-five tons per day, and the lighting department will be sufficient to furnish 5,000 lights. The power will be sufficient for railway purposes also. The water will be taken from the Walluku in a 30-inch pipe. The officers of the company are: W. G. Irwin, president; J. A. Scott, vice president; George Rodick, treasurer; Chas. H. Falier, secretary; R. L. Auerbach, auditor; C. C. Kennedy, W. H. Shipman and W. M. Gifford, directors.—Tribune.

They Didn't Think It.

They blank a misance is not necessarily its abolition; at least that is the opinion of the residents of upper Waianuenue street and Riverside Park. It seems that Sheriff Andrews, in his zeal to remove the stench from the nostrils of the denizens of Front street, which is, by the way, a most laudable proceeding, has neglected to notice the fact that dumping the garbage carts at fact that dumping the garbage carts at the upper end of Reed's Island might also be a cause of offense. He has, we be-lieve, been reminded of the fact within the last day or two, and it is to be pre-sumed that he will hereafter discover some more suitable resting place for the refuse of Hilo.—Tribune.

Riot in Kona.

Trouble has been brewing on the Kona Sugar Company's plantation for several weeks owing to a misunderstanding re-garding the terms of contract between the sugar company and some Japanese. the sugar company and some Japanese. The matter is already in court and an injunction was issued by Judge Wilder forbidding the Japanese contractors from continuing work. Yesterday two of the men were at work when forty of the plantation laborers attacked them. There was a lively battle which resulted in one of the men having both legs and one arm broken and receiving other injuries, the other man received painful but not serious injury. There was great excitement in the vicinity of the plantation and further trouble is expected.—Herald.

Preparation for the Fourth.

On Thursday evening the general committee of arrangements for the Fourth of July celebration met at the fire engine house to complete the program for the proper celebration of the great American holiday. Chairman J. R. Wilson called the meeting to order and reported that all the plantations had decided to give their employes a two days' holiday this year, thus allowing them to become acquainted with the city of Hilo and realize what she can do to furnish them with true, genuine sport. Arrangements have been made so that the Wilder Steamship Company will run a grand excursion from Henolulu, arriving here on the evening of the 3d and staying here until the following Friday. Without a doubt many of the Honolulu people will take advantage of this trip and come and see the rapid strides the Rival City is making to become the Queen of the Pacific.

Boating Party on the Waiak at The drooping clouds and moist atmosphere did not mar the pleasurable outling on Waiakea river that was given last evening by Dr. M. Wachs. The amiable young people of Hilo have learned the young people of Hilo have learned the packers of the senting to the contrary notwithstanding, so they entered into the sentimest of a beating party with undampened spirits, even though Dame Fortune shed her tears of blessing over freshly starched shirt-waists and recently bought Panama hats. The lisping dip and wash of the oars, accompanied by the sweet strains of the Quintette Club and gay melodies of the Quintette Club and gay melodies of the Quintette Club and gay melodies of the puddle that oezed carelessly around his arkles. The course of the river was traversed twice under a canopy of umbrellas and mackintoshes, save when the moon would break through upon the gay party and the protections against the elements were relegated to depths below but nevertheless within easy reach. A landing was made at the railroad wharf and the party went by rail to the new Hilo railway station, where an elaborate luncheon was served. The tender youths and maldens were under the matronly chaperonage of Mesdames Baldwin, Shaw, Forrest, Haley and Weight. Among those present were Mesdames of Mesdames of Mesdames with the Misses Sumner, Rice, Maydwell, Wolfenden, Hapai (2), Broderick, Canario (2), Lewish, Lishman, Eaton (2); Messrs, Wachs, Shaw, Forrest, Beers, Schoen, Purdy, Sedgwick, Howland (2), W. Accident to Driving Party.

On Thursday last while Mrs. J. W. Givens and Mrs. Geo. Mumby were driving along the Volcane road near the half-way house, accompanied by the Mumby children, the whole party had a narrow escape from violent injury and possible death. Mrs. Givens was driving and noticed that the animal had become restive. While she was endeavoring to ascertain the cause the heast got beyond control and started towards Hile at a maddeged pace and, shying, precipitated the whole party into a wayside ditch. The ladies and children were thrown violently and severely shocked, but with rare good fortune escaped serious injury. Dr. Rice was telephoned for and on his arrival so assured the ladies that in the evening the whole party had recovered their spirits.—Herald.

FACIS ARE STUBBORN.

If Honolulu People Are Not Covvinced by Local Testimony They Differ From Other People. Our readers will have noticed how in

People will not now accept incredible cures from the other side of the world. They want them at home, "Give us some neighbor, then I will believe" is what is asked for. Doan's Backache Kidney Pills do this. Call it what you like, home, local or neighbor's testimony, you can always ascertain the truth of it without leaving the city limits. Here is a case:

Mr. W. J. Maxwell of this town, Truant officer, writes thus: "I suffered with a horrible pain in the small of my back (an almost invariable symptom of kidney trouble) for a number of years. I was advised to take some of Doan's Backache Kidney Pills, and following the suggestion. I went to the Hollister Drug Co.'s store, Fort street, and got some of these. Having taken them, they relieved me straight away, and are, I may say, the best and in fact the only cure for backache. I have mentioned the virtue of this wonderful temedy to several persons, among whom is my friend, Mr. Frank Metcalf, who found relief, and he is now a firm believer in Doan's Backache Kidney

OFF CUPS IN SPRING TENNIS TOURNAMENT CHANGE C. ATHERTON AND MISS MAY HART CARRY

The Parific Tennis Club's ground was packed to the limit on Saturday kiteron by a representative gathering of Honolulu society folk to witness the cu;

matches with which the spring tennis toursament concluded.

Public opinion, which is generally right in those matters, opined that P. C. Atherton would heat Chas Elston and that Mrs. John Waterhouse would succum-to Miss May Mart. The main reasons for these predictions were that in the for-mer instance Mr. Elston was supposed not to be in the best of trim for a hard hattle on account of lack of practice, while in the matter of the ladies, it was conjectured that Mrs. Waterhouse had not resided in the Islands long enough to

pectured that Mrs. Waterhouse had not resided in the Islands long enough to successfully oppose a native-born like Miss Hart. That these reasonings were justified was fully borne out by the actual contests, which resulted as follows:

F. C. Atherton, P. T. C., this year's singles' whiner, defeated Charles Eleton (holder), 7.5, 6-4, 6-4.

The first set was the best and in it Elston showed glimpses of his old-time form. Elston weakened in the second set and went to pieces in the third, showing an obvious lack of practice.

This, however, in no wise detracts from Atherton's victory, which was brilliantly earned. The winner lobbed well at times, played a great set game, and displayed magnificent headwork, his play was fast throughout. Elston at times forced Atherton to back-work, which puzzled him somewhat, he would have shown to better advantage had he indulced in more of a net game instead of relying somuch on his opponent for his points. Atherton's victory was a popular one, and he was heartily congranulated on his was.

Miss May Hart, B. T. C., Cholder), defeated Mrs. John Waterhouse, this year's singles' winner, 3-6, 6-2, 7-5, 6-4. Mrs. Waterhouse played a beautiful game throughout and exhibited a style which hore Coast-marks. Her placing and volleying were excellent, but she lacked acclimatation. She played composedly and carefully, but tired at a critical monent, and her chances of winning were still further diminished by a masty blister on her right hand. The winner played to her notch and left no stone unturned to secure a point. Her placing was brilliant and her game a particularly suggressive one; she won on her stamina and her strong stroking.

At the finish Miss Hart was overwhelmed with congratulations.

E. R. Adams unpired the ladies' match and E. H. Paris rendered the same service to the gontlemen. Mr. Ernest Boss presented the trophies to the winners, with a neat speech, and the customary bouquet of carnations. During the afternoon refreshments were served by Mrs. G. P. Wilder, Mrs. C. W. Dickey and Mrs. Harold Mott-Smith, who were assisted by an efficient corps of society youths. The class doubles' tournament will occur in the fall.
